Message for the Board of Directors

Dear Members,

Since we didn't meet in September we have some catching up to do.

First, we want to welcome and recognize all of our new members at the November meeting. The membership drive this past summer was a huge success, and we have over 40 new business partners. Each new member attending the November meeting will receive an official Wilton Manors Business Certificate suitable for framing.

We encourage all members to come and meet our new Business Partners during our networking between 6 - 6:30 P.M. During this social time we highly encourage each member to offer a business discount or perk that would be valid specifically for the WMBA membership.

During the meeting the guest speaker will be Jason Halle from ABC web services. This is a great opportunity for all of us to support each other. Working together does make a difference!

Island City Chiropractic

Dr. Vanessa Koutalidis & Dr. Kathleen Schklair
1749 NE 26th St · Wilton Manors, FL 33305
Tel: 954-566-1349

It has been two and a half years since Dr. Kathy Schklair and Dr. Vanessa Koutalidis opened the doors of Island City Chiropractic, and have been fulfilling their mission of helping as many people as possible achieve greater health and well-being. With over 20 years of combined clinical experience, they offer the latest and best in chiropractic care, providing a range of manual and low-force techniques and physiotherapies to relieve pain and spasm, in a warm, healing environment. In addition, both doctors specialize in acupuncture and nutritional therapies, thereby offering a comprehensive approach to many chronic and difficult conditions. They recognize and respect the role of mind, body, and spirit in the eradication and prevention of disease.

Dr. Kathy and Dr. Vanessa are holistic practitioners who look at every aspect of a patient's health, including diet, lifestyle habits, exercise routines, and stress levels. They advise and educate their patients on proper posture, ergonomics, and ways to improve strength and flexibility. Their primary goal is to help their patients naturally, without the use of drugs or surgery, by treating the cause of the condition and not just the symptom. Through diet, lifestyle changes, and alternative therapies, many

patients are able to reduce or avoid medications and reverse the progression of their disorder. Also, their mission is to inform and inspire their patients to remain healthy on their own, and would love to come to your office or group to lecture on a variety of topics.

At Island City Chiropractic, all ages are treated from children to the elderly, and a multitude of conditions are addressed, including migraines, sciatica, tendonitis, numbness and tingling, neck, back, and joint pain or stiffness, herniated discs, and arthritis. Through the addition of acupuncture and/or nutritional therapies, many more have been helped who suffer with allergies, asthma, heartburn, high cholesterol, and intestinal disorders. Custom diets are designed for detoxification, weight loss, or other health concerns. Massage therapy is available, and ranges from therapeutic, deep tissue to restorative relaxation. Most insurances are accepted and affordable cash plans are available. The doctors welcome your questions and offer free consultations.

Greetings from the Mayor

Thanksgiving Day is a time to gather with family and friends to give thanks for the many blessings enjoyed by this nation and its citizens. However, to many people, its meaning is lost. It has become simply another day for huge meals, dinner parties, get together's or reunions. What does Thanksgiving mean to you? Do you really know what this day represents?

What comes to mind when you think of Thanksgiving? Do you picture a time of thankfulness?, or is it merely one of eating, partying or watching football?

As Thanksgiving Day approaches, ponder and consider the many wonderful blessings you enjoy. Be grateful for these wonderful benefits.

Happy Thanksgivings

Scott Newton
Mayor of Wilton Manors
